

Open Call form

General conditions:

Applications to the Open Calls can be submitted by both private and public organisations (please notice that researchers in their personal capacity are not allowed to submit a proposal), located within the EU Member States or Associated Countries. Each application needs to be “twinned” with a US counterpart, which means for execution of the experiment proposed also in the US. Please notice that while one or more US partners are needed to be part of the proposed experiment, funding will be granted by NGIatlantic.eu to cover the costs sustained by the EU teams only.

Application details:

- Title (max 100 characters):
- Type of Grant:
- Desired starting date of the proposal:
- Estimated end date
- Project coordinator full name
- Contact phone number
- Gender
- How did you find out about this open call?
- Did you already submit this or another proposal to one of the previous NGIAtlantic.eu Open Calls? (Yes/No) - If yes please specify the Call:
- Has the proposal been funded? (Yes/No):
- Have you applied to any other Open Calls previously run by other NGI projects? (Yes/No) - If yes please specify the Call & Project and confirm if the proposal has been funded.
- Please indicate which topic(s) your proposal addresses. (it is possible to put in one application that include both elements of a and b)

Please be sure to complete and attach the Declaration of Honour to be signed by duly authorized representatives of the EU Coordinator and US partner

As we understand there has been difficulty in obtaining signature of the DoH from the US side due to the ongoing COVID 19 situation, we have introduced an option to upload a Letter of Support in lieu of US signature of the DoH, to be uploaded together with the DoH signed by the EU coordinator.
